

10,000 Seconds

Verse 1

You play the game
To change the game
You're either growing or dying
Either winning or trying

You grow frustrated
The grind keeps you jaded
Sometimes in the clouds
Sometimes laying down

Pre-Chorus 1

Look out the front window
Not the back mirror
Oh no, don't get stuck in limbo
Unmasked, unloved and unconscious
No, no, no

Chorus 1

10,000 seconds in a day
10,000 seconds's all you get
10,000 steps and you're on your way
That's all you get
Just 10,000 seconds in a day

Verse 2

When shadows come to get you
You fight harder, yes you do
Keep breathing, moving and praying
The finish line is waiting

You earn your tragedies
Feel every ounce of the agonies
Fight for freedom without a gun

Fight cuz' you know you've already won

Pre-Chorus 2

Look out the front window
Not the back mirror
Oh no, don't get stuck in limbo
Unmasked, unloved and unconscious
No, no, no

Chorus 2

10,000 seconds in a day
10,000 seconds's all you get
10,000 steps and you're on your way
That's all you get
Just 10,000 seconds in a day

Bridge

Don't hold still
Keep breathing, keep moving
Never hold still
Keep breathing, keep moving
Keep breathing, keep moving
Keep moving, keep breathing
Keep breathing, keep moving
Keep moving, keep breathing

Chorus 3

10,000 seconds in a day
10,000 steps and you're on your way
10,000 seconds in a day
That's all you get
Just 10,000 seconds in a day

End

Enjoy them

That's all you get
Yeah
