

# A SPOONful of GReeCE

## **Intro**

Have you ever had a taste of Greece?

## **Verse 1**

She's got blue in her eyes  
Bikini beaches living life  
Sandy shores n' perfect vibes  
Curves rounded tall n' tight

They all line up for a ride  
Each and every night  
But the beach, ain't free  
And neither, is she

## **PreChorus 1**

Do you want a little mystery?  
Mykonos or a bit of Crete?  
Santorini or timeworn mountains?  
Paradise or Golden Gardens?

## **Chorus 1**

Sweet venom  
For your lips  
Tasty kiss  
You got this

I got you  
You got this  
You got me  
We got this

A spoon-

ful of Greece  
A sweet release  
On your beach

Come touch me  
Come touch this  
Greek freakin masterpiece

A spoonful of Greece!  
A spoonful of Greek!!

## **Verse 2**

In Greece the, coffee comes chilled not hot  
Fast hands hungry hearts no damn fear  
Day moves on without a clock  
Why flirt at the pool when there's a thirsty beach

There you're not allowed to think  
And good things happen in threes  
But the fun, isn't free  
And neither, is she

## **PreChorus 1**
