

# A Sunny Day

## Verse 1

I, see a family  
And I sit and wonder  
Across my path they wander

Seeming so happy and enjoying each other

It's such a beautiful day  
What do you say?  
Isn't it such a beautiful day today?

## Chorus 1

It's a sunny day  
The sky so bright, the air so clean  
The wind, innocently stirring

A gentle breeze  
I close my eyes, take it all inside  
This sunny day

Was made for me  
Can't you see?  
I swear, it was made for me

Yes, just for me!

## Verse 2

The, simple things  
Like people walking by  
A bird singing up in the sky

These are the things I need

Today is all about natural beauty (today)

So beautiful in every way  
Such a beautiful day

It was meant for me, to bask in its glory

## **Chorus 2**

It's a sunny day  
The sky so bright, the air so clean  
The wind, innocently stirring

A gentle breeze  
I close my eyes, take it all inside  
This sunny day

Was made for me  
Can't you see?  
I swear, it was made for me

Yes, just for me!

## **Instrumental**

On a sunny day

As the sun sways with grace  
I see every smiling face  
As I sit & dance in place  
And my arms wide open to embrace  
I feel no trace of disgrace  
There's no one I wanna replace  
I think I won the race

On a sunny day

## **Chorus 3**

It's a sunny day  
The sky so bright, the air so clean  
The wind, innocently stirring

A gentle breeze  
I close my eyes, take it all inside  
This sunny day

Was made for me  
Can't you see?  
I swear, it was made for me

Yes, just for me!

### **Extro**

I'm trying to enjoy, a simple story of a man

Walking around, without a frown  
On a sunny day, such a beautiful day  
A beautiful day in every way

It's such a beautiful day today  
It's a sunny day  
Around here, it's always a sunny day...
