

A Syringe Of Adrenaline

Verse 1

She comes in darkness
Or in broad daylight
It doesn't really matter
Cuz it never feels right

Each time a new mask
I let her back in
Like a trusted old friend
Then I'm stuck in past sin

PreChorus 1

Once bitten outta control
Infected my immortal soul
Drowning in a black hole
How low can I go?

Chorus 1

The clock moves so slowly
Mind heavy and insane
As we play this deadly game
It hits me I am the prey

Every kiss a curse of light
Don't care cuz I just need a hit
I just really need a jump start

So I take a syringe of adrenaline straight thru my heart!

Verse 2

All that's left of me
With each siren I ignore
Is a shell full of scars
Lonely and wanting more

All I can do is
Pretend I'm not worried
I try hard to act so cool
Though I'm not worthy

PreChorus 2

Once bitten outta control
Infected my immortal soul
Drowning in a black hole
How low can I go?

Chorus 2

The clock moves so slowly
Mind heavy and insane
As we play this deadly game
It hits me I am the prey

Every kiss a curse of light
Don't care cuz I just need a hit
I just really need a jump start

So I take a syringe of adrenaline straight thru my heart!

Bridge

Don't wait until it's too late
Every Ferris wheel stops turning
Every love has an expiration date

Verse 3

Wreckage will take years to fix
Night's all but over

I crave the rush again
I'm barely sober

Maybe find myself sometimes
In the same damn place
Real real soon tonight
Playing the same damn game

Chorus 3

The clock moves so slowly
Mind heavy and insane
As we play this deadly game
It hits me I am the prey

Every kiss a curse of light
Don't care cuz I just need a hit
I just really need a jump start

So I take a syringe of adrenaline straight thru my heart!

Outro

Straight thru my heart
Straight straight straight thru my heart
Straight straight straight thru my heart
