

# Alone for Valentines Lyrics

## Intro

## Verse 1

I remember,  
Red wine stains on a borrowed dress  
Streetlights flickering like a nervous breath  
Midnight snacks and Netflix binging  
Chocolate highs and karaoke singing

Now,  
Love notes in the windows staged just right  
As worn-out love songs echo through the night  
I drift past painted hearts that cry red  
While your perfect new life lights up my thread

## PreChorus 1

A tangled mess  
Another sad story  
You don't need me  
And your silence cuts me deeply  
I feel like I've just been thrown away  
While you've found love in our old café

## Refrain 1

I'm open to anything  
Attached to nothing  
But I still flinch  
When I hear your name  
Cause it still means something  
I can't stand this  
Again I'm alone

For Valentines

## **Verse 2**

I tried,  
I tried to work I tried to date  
Put on a smile even tempted my fate  
Stayed up so late faked every laugh  
Swiped right on ghosts that didn't really last

I wish,  
I wish you hurt the way I do  
I wish that we had somehow made it through  
Other kisses always miss the mark  
And without your touch I crumble in the dark

## **PreChorus 2**

A tangled mess  
Another sad story  
You just don't need me  
And your silence cuts me deeply  
I feel like I've just been thrown away  
While you've found love in our old café

## **Refrain 2**

I'm open to anything  
Attached to nothing  
But I still flinch  
When I hear your name  
Cause it still means something  
I can't stand this  
Again I'm alone

For Valentines

## **Solo**

### **Verse 3**

Love,  
Needs more than a band aid, love ain't a show  
It's fighting like hell when the hurt says go  
It's storms and scars and holding on tight  
It's wakin up n' stayin n' still choosing to fight

### **Refrain 3**

I'm open to anything  
Attached to nothing  
But I still flinch  
When I hear your name  
Cause it still means something  
I can't stand this  
Being alone

For Valentines

He's everything you think you need  
But he won't love you like me
