

# **BELIEVE in Yourself**

## **Intro**

I believe in you

## **Verse 1**

We all have those ghosts feels like they're watching you  
And if the walls could talk I think they'd cry

Ain't nobody else that's gonna fix this for you  
But we are here for you in the meantime

## **PreChorus 1**

You won't always know the answers  
You won't always know the path  
But even when it seems crazy  
You've got to

## **Chorus 1**

Believe in yourself  
If you won't then I will oo oo oo

I said

Believe in yourself  
Then the world will believe in you too

## **Verse 2**

Every turn the world takes without you doesn't stop em  
It's okay we all hide a few lies

Everybody thinks that money gonna solve their problems  
But those rich people always have the saddest eyes

## **PreChorus 2**

You won't always know the answers  
You won't always know the path  
But even when it seems crazy  
You've got to

## **Chorus 2**

Believe in yourself  
If you won't then I will oo oo oo

I said

Believe in yourself  
Then the world will believe in you too

## **Bridge**

Yeah yeah yeah  
Yeah yeah yeah  
Yeah

I believe in you

## **Chorus 3**

Believe in yourself  
If you won't then I will oo oo oo (believe)
