

Bankruptcy

Verse 1

Wanna tell you my story before it tells itself
There were many days I wanted to hurt myself
Alone with loneliness trapped inside my shell
Didn't want to tell anybody I was stuck in hell
I was just so hurt and ashamed
Lost in the shadows needing some kind of solution
Pure state of confusion
The world forgot my name
And I didn't wanna feel the sad truth
Though they all knew, they all knew, they all knew

Prechorus 1

Thunder's loud when it runs across the sky
It's scary but never lasts the night
Nothing is forever
Stand up and fight
Move to the light
There's no reason to hide

Chorus 1

Bankruptcy's
Not fun
But life goes on
Just like it should it's only bankruptcy
No matter how bad it may be down there
It's almost gone forget your bankruptcy

Verse 2

If you carry the weight of mistakes with you
You're more likely to repeat them til' you're thru
Crumpled on the couch lost in a mood
Bad news follows bad news it's nothing new

Just move on with your life don't be blue
Even mistakes move life forward
Let fear go
As a kid things
Were easy cuz you know what
When you fell you always got back up, back up, back up

Prechorus 2

Thunder's loud when it runs across the sky
It's scary but never lasts the night
Nothing is forever
Stand up and fight
Move to the light
There's no reason to hide

Chorus 2

Bankruptcy's
Not fun
But life goes on
Just like it should it's only bankruptcy
No matter how bad it may be down there
It's almost gone forget your bankruptcy

Bridge

It even happened to me
10 years of f**in misery
But I got by
And so will you

Chorus 3

Bankruptcy's
Not fun
But life goes on
Just like it should it's only bankruptcy
No matter how bad it may be down there
It's almost gone forget your bankruptcy

I said,

Bankruptcy's

Not fun

But life goes on

Just like it should it's only bankruptcy

No matter how bad it may be down there

It's almost gone forget your bankruptcy

Just forget it!
