

Beauty is a Knife

Intro

Verse 1

She thinks she's got the right
To criticize
To sharpen her knife
To plunge that scalpel deep
Into your life as she takes a bite

But what gives her the right
To sculpt and shape
Your mind with her lies
While behind those perfect eyes
She's slicing thru your soul tonight

PreChorus 1

She's always shinin in the summer sun
But the damage is already done
You've fallin far from heaven
And her smile was the weapon

Chorus 1

Beauty is a knife
And she's the reason why
She carves her truth
Underneath the summer sky

Beauty is a knife
And it makes her feel alive
Beauty is her knife

Beauty is a knife
And she loves to make you cry
She carves her way

Into your soul you wanna die

Beauty is a knife
But she'll make it out alive
Her beauty is a knife

Verse 2

True beauty's in the heart
It's that perfect beat
Not a passing style
That fools will always chase
Not too smart they can't help but fall apart

True beauty never fades
It stays warm inside
Never wears thin
Or steals the light within
Don't stay her slave

'Cuz

PreChorus 2

She's always shinin in the summer sun
But the damage is already done
You've fallin far from heaven
And her smile was the weapon

Chorus 2

Beauty is a knife
And she's the reason why
She carves her truth
Underneath the summer sky

Beauty is a knife
And it makes her feel alive
Beauty is a knife

Beauty is a knife
And she loves to make you cry
She carves her way
Into your soul you wanna die

Beauty is a knife
But she'll make it out alive
Beauty is a knife

Bridge

As the years run by
She's the one who'll learn
In the mirror she'll finally see the truth
She'll realize her mistake
But it'll be too late

Chorus 3

Beauty is her knife
And she's the reason why
She carves her truth
Underneath the summer sky

Beauty is her knife
And it makes her feel alive
Beauty is her knife

Chorus 4

Beauty is a knife
And she loves to make you cry
She carves her way
Into your soul you wanna die

Her beauty is her knife
But she'll make it out alive

'Cuz beauty's just a knife
