

# Chicago from DAY 1 Lyrics

## Intro

## Verse 1

The roar of the approaching night  
Echoes rise under shifting skies

This city's beat runs hot and wild  
Where restless dreams refuse to scream

These streets don't wait they pull you in  
Each heartbeat pounds through every street

In Chicago, you're built tough

## PreChorus 1

It bleeds but never breaks  
In our blood is the fire it makes  
Here you can be yourself  
Why would anybody wanna live anywhere else??

## Chorus 1

Yeah we're born bold  
Made to survive  
Our legends unfold in the cold  
Yeah we burn bright  
Never back down  
We own the night

Ooo

We rise we fall  
Through the thunder  
We still stand tall  
Yeah born for the fight

It's all we know  
Brave to the bone  
We won't lay low  
We're ready to go  
We'll never let go

Chicago from Day 1

## **Verse 2**

History moves like a restless tide  
Each loss taught us what each step costs

We made it through we're Chicago tough  
We learned to love and what we're made of

Now our kids run wild on these same old streets  
Learning fast through lessons that last

Ooo their story joins the city's song

## **PreChorus 2**

It bleeds but never breaks  
In our blood is the fire it makes  
Here you can be yourself  
Why would anybody wanna live anywhere else?

## **Chorus 2**

Yeah we're born bold  
Made to survive  
Our legends unfold in the cold  
Yeah we burn bright  
Never back down  
We own the night

Ooo

We rise we fall

Through the thunder  
We still stand tall  
Yeah born for the fight  
It's all we know  
Brave to the bone  
We won't lay low  
We're ready to go  
We'll never let go
