

Coming Home

Verse 1

I ran away
To the city
That one day

There I found
So much trouble
Nearly drowned

The bold taste
Was a thrill
But a waste

Only ended up
In a corner
Badly dented up

Verse 2

Each dawn brought chains
No real freedom
In the rain

Missed the smell
Of wonder and
Way we felt

Needed you
The green grass
And thunder

The mirror couldn't lie
Sad tired eyes
So I said good bye

Chorus 1

The journey was long
But I'm coming home
Back where I belong
Baby, Baby
I'm coming home
Home, home, home, home
I'm coming home
I'm coming home!

Verse 3

No one cared
I was trapped
And scared

Even I couldn't stop me
Forgot everything
You taught me

You were right
The leeches latched
On so tight

I learned my lesson late
But now I make
Make my great escape

Chorus 2

The journey was long
But I'm coming home
Back where I belong
Baby, Baby
I'm coming home
Home, home, home, home
I'm coming home
I'm coming home!

Instrumental

Chorus 3

The journey was long
But I'm coming home
Back where I belong
Baby, Baby
I'm coming home
Home, home, home, home
I'm coming home
Back home to you
