

Cross That Line

Verse 1

We've always been the best of friends
Known each other since we were ten
Like an old pair of bookends
We'll be in sync til the end

PreChorus 1

But I want more than the friend zone we live in
I do, I do
Can't go home again alone please give in
Please do, please do, do, do do

Chorus 1

Thought's crossed both of our minds
Probably a few hundred million times
It's time to take the leap
Won't you take the leap with me?
Come on, Cross that line

Verse 2

Long's the road and short is the night
And I know this is the one fight
I'm not giving up on cuz it feels right
So walk with me into the light

PreChorus 2

But I want more than the friend zone we live in
I do, I do
Can't go home again alone please give in
Please do, please do, do, do do

Chorus 2

Thought's crossed both of our minds
Probably a few hundred million times
It's time to take the leap
Won't you take the leap with me?
Come on, Cross that line

Instrumental

Chorus 3

Thought's crossed both of our minds
Probably a few hundred million times
It's time to take the leap
Won't you take the leap with me?
Come on, Cross that line

You know you want to
And I want you to
And I want to
