

# DRugs

## Verse 1

They thought they wanted fame  
But they went insane  
As soon as it arrived  
The devil took aim

Different hotel room  
Where the boredom looms  
Crave the rush of the stage  
Drugs always seduce

## Prechorus 1

Like sprinkled Skittles  
Spread out over the table  
Ooo ay ay ay ya, ay ya  
Like fragile puppets  
They gag into buckets  
Ooo ay ay ay ya, ay ya

## Chorus 1

Candy's so bad  
Life cut short is sad  
It's a fatal trap  
Drugs always always get the last laugh

## Verse 2

You just can't stop someone  
Always on the run  
They can afford all sins  
Danger doesn't stop fun

Muscle outside the door  
But losing the war

Cuz' they're inside dying  
Passed out on the floor

### **Prechorus 2**

Like sprinkled Skittles  
Spread out over the table  
Ooo ay ay ay ya, ay ya  
Like fragile puppets  
They gag into buckets  
Ooo ay ay ay ya, ay ya

### **Chorus 2**

Candy's so bad  
Life cut short is sad  
It's a fatal trap  
Drugs always always get the last laugh

### **Bridge**

The way they kept them going  
Was to give them what they wanted  
DRugs might be a mistake  
But for them a mistake worth making

### **Chorus 3**

Candy's just so bad  
Life cut short so sad  
It's a fatal trap  
Drugs always get the last laugh

### **End**

As Jim once admitted  
The future's uncertain  
But the end's always near...
