

# Easy (on the Eyes)

## Intro

## Verse 1

You're a knockout and bulletproof  
And who I am to argue?  
That DNA looks good on you  
Every rainbow smiles down on you

I can't believe you're holdin my hand  
That you picked me to be your man  
There's nothing you can't do  
Nothing's impossible for you

## PreChorus 1

We're four ears but only one mouth  
I'm always full of doubt  
We both miss the man I used to be, e, e  
We both know you're not nice to me, e, e

But

## Chorus 1

I'm just glad  
Glad I met you  
Why'd you do  
Why'd you do that

It's cause you can  
Girls that look like you  
Do what they wanna do  
Play with any man

But it's the eyes  
You're so easy

Easy on the eyes

## **Verse 2**

I'm lost in a sea of noise  
Don't feel like I have a choice  
In the night I'm the sad boyfriend  
But in the day hope this'll never end

Your eyes always bring me back  
Push us gently on track  
They matter more than you think  
They lift me up it's all instinct

## **PreChorus 2**

We're four ears but only one mouth  
I'm always full of doubt  
We both miss the man I used to be, e, e  
We both know you're not nice to me, e, e

But

## **Chorus 2**

I'm just glad  
Glad I met you  
Why'd you do  
Why'd you do that

It's cause you can  
Girls that look like you  
Do what they wanna do  
Play with any man

But it's the eyes  
You're so easy  
Easy on the eyes

## **Breakdown**

You're a Powerball ticket I never had chance of cashing  
But now that I've got you  
I'm going to do anything I can to keep you  
Anything I can to keep you  
Anything I can

### **Chorus 3**

I'm just glad  
Glad I met you  
Why'd you do  
Why'd you do that

It's cause you can  
Girls that look like you  
Do what they wanna do  
Play with any man

But it's the eyes  
You're so easy  
Easy on the eyes
