

EyeBANGing

Intro

Verse 1

Saturday night a hungry pack lookin' for a bite
Hypnotized by drums chasing fun
You spot my body your eyes scream loudly

Flaunty n' floating, fire flowing
The room is shrinking, everybody's drinking
You want a reason to look my way
Your eyes, they badly wanna play

PreChorus 1

You see me
You want me
You want me to kiss you
You want to kiss me
You want me
To kiss you, to kiss you til' i'm sorry
You want me
To kiss you, to kiss you, to kiss you...

Chorus 1

You're eyebanging me
You're eyebanging me
You want my candy
You're eyebanging me

Stop eyebanging me
Stop eyebanging me
You're naughty n' horny
And you're eyesnacking me

You're eyebanging me

You're eyebanging me
Riding bare n' free
You're eyebanging me

All this friction
Between you n' me
You're eyebanging me
You're eyebanging me

Verse 2

It's been a long night, so I might want, want the green Light
Livin' the single life, so I might not mind
You're dancin' all over, but inchin' closer

Hard to get this prize, but you're hungry for a ride
New arrivals seem boring, could be your night's now boarding

You're findin' a reason to move my way
Your thighs, they badly wanna play

PreChorus 2

You see me
You want me
You want me to kiss you
You want to kiss me
You want me
To kiss you, to kiss you til' i'm sorry
You want me
To kiss you, to kiss you, to kiss you...

Chorus 2

You're eyebanging me
You're eyebanging me
You want my candy
You're eyebanging me

Stop eyebanging me

Stop eyebanging me
You're naughty n' horny
And you're eyesnacking me

You're eyebanging me
You're eyebanging me
Riding bare n' free
You're eyebanging me

All this friction
Between you n' me
You're eyebanging me
You're eyebanging me

Bridge Drop

Should I be eyebanging you too?
Maybe if I slowed down
You wouldn't have to chase me?

Chorus 3

You're eyebanging me
You're eyebanging me
You want my candy
You're eyebanging me

Stop eyebanging me
Stop eyebanging me
You're naughty n' horny
And you're eyesnacking me

You're eyebanging me
You're eyebanging me
Riding bare n' free
You're eyebanging me

All this friction
Between you n' me
You're eyebanging me

You're eyebanging me
