

First 5 Seconds

Intro

I see you standing over there
Can I come, over??

Verse 1

It's really not a complicated situation
Story's been told many times before
A boy meets a girl, fixation, flirtation, persuasion, sensation
It happens all the time (all the time)

The very first moment is perfect
There's a sudden sparkle in the air
It's crazy hard to define or forget
The picture in your mind for life

Chorus 1

The 1st five seconds
It's like bathing in sunshine
Nothing more magical
Charming, supernatural

The 1st five seconds
(Can I touch you please? Pretty please?!?)

Verse 2

After the initial anticipation
They both gather their self-control
Start to make some playful conversation
It happens all the time

Chorus 2

The 1st five seconds

It's like bathing in sunshine
Nothing more magical
Charming, supernatural

The 1st five seconds

Chorus Variation

Heart's are racing
I'm wondering if the feeling's gonna last
I'm savoring that moment in time
It's a happy, happy ride

Prechorus

(My heart's not steady
I'm ready)

Chorus 3

The 1st five seconds
It's like bathing in sunshine (yeah)
Nothing more magical
Charming, supernatural

The 1st five seconds
Good vibes fill the air as they play the game

Bridge

Ooo
Yeah
Can I touch it, please?
Pretty please?!?

It's the 1st five seconds!
Come on
I don't even know
If I'd last 5 seconds

With those hips
And those lips
Damn those hips!
Damn those lips!

Oooo

End Chorus

The 1st five seconds (yeah)
It's like bathing in sunshine
Nothing more magical
Charming, supernatural

The 1st five seconds

End

Heart's are racing
My heart's racing
Is your heart racing?

Nothing more magical (It's so damn magical)
Charming, supernatural (You're so freakin' supernatural)
The 1st 5 seconds (I can't last 5 seconds)
Damn your hot! (Damn your hot...)
