

Friendless

Verse 1

At 40 i am friendless
A life built around work
My wife loves me but doesn't understand me
My kids think i am sometimes odd
i've always been the box that needed to be unlocked

PreChorus 1

My dream was always to
Understand the key you're screaming in oh oh
To never wear a mask to be whole
To own my own soul

Chorus 1

i have wants
i have needs
On the edge
Of emptiness

Why am i
Friendless?
Am I a joke?
Am i a ghost?

Verse 2

At 40 i am friendless
A legacy built alone
No excuses obligations always met
Never left the troubled trenches
i've always been the one learning life's lonely lessons

PreChorus 2

My dream was always to
Understand the key you're screaming in oh oh
To never wear a mask to be whole
To own my own soul

Chorus 2

i have wants
i have needs
On the edge
Of emptiness

Why am i
Friendless?
Am I a joke?
Am i a ghost?

Bridge

They ask why I have no friends?
But don't think i'm lonely
Just because i'm alone

Chorus 3

i have wants
i have needs
On this edge
Of emptiness

Why am I always
Friendless?
Am I a joke?
Am i a ghost?

Outro

I's a lonely number
But thru the many years
i carried the strength of my dad

So i was never alone
