

# Hip HOp SociEty

## Verse 1

Hate to point this out to all the masks  
And those of you waving your confederate flags  
But it's already happened  
Get your heads and your asses outta that sand

Haters don't hesitate to hate  
And spill their venom every damn day  
They're always so freakin irate but the world's changed  
No need for their sick and their twisted games  
Don't be afraid!

## Prechorus 1

Shit, it's already swept the nation  
The beat track dominates  
No chart is safe  
Rap's always at the top of the game

## Chorus 1

(Hip hop society)  
Open your eyes  
(Hip hop society)  
Enjoy the ride  
(Hip hop society)  
Roll with the vibe  
(Hip hop society)  
Once the sinner now the prize

## Verse 2

No sense resistin'  
Or missin' out  
Every color is allowed

Eminem, Kanye, JZ, Drake  
Kendrick & Chance all set the stage  
But now it's anybody's game  
And anyone can play

### **Prechorus 2**

Shit, it's already swept the nation  
The beat track dominates  
No chart is safe  
Rap's always at the top of the game

### **Chorus 2**

(Hip hop society)  
Open your eyes  
(Hip hop society)  
Enjoy the ride

Once the sinner now the prize

### **Instrumental**

Hell, even country music's rapping  
Windsor Castle's clapping  
Kendrick's Pulitzer is yapping  
And the 1%'s adapting

### **Chorus X 2**

### **Outro**
