

I JUST don't care

Intro

Verse 1

You're on my mind
A lot tonight
I'm next to you
I'm nervous, you're
In a good mood

Months of pain
All that pain
You went thru
I feel so guilty
So bad inside so mad
I, I couldn't help you

PreChorus 1

You wait patiently you're in line
You're next you look for a sign
It's late at night it's after nine
You await the bright lights you don't whine
They start to move it's time

Chorus 1

I don't care
I just don't care
I stare into your eyes
And I just don't care
'Bout anything or anyone

But you

Verse 2

My heart is heavy
But your heart rate seventy
I'm next to you
You're calm as, hell
In a playful mood

Months of pain
All that pain
You went thru
I feel so guilty
So bad inside so mad
I, I couldn't help you

PreChorus 2

You wait patiently you're in line
You're next you look for a sign
It's late at night it's after nine
You await the bright lights you don't whine
They start to move it's time

Chorus 2

I don't care
I just don't care
I stare into your eyes
And I just don't care
'Bout anything or anyone

But you

Solo

Verse 3

You're on my mind
A lot tonight
Off to surgery you go

You're smiling
In a good mood

Months of pain
All that pain
You went thru
I feel so guilty
So bad inside so mad (I feel so guilty)
I, I couldn't help you (I feel so damn guilty)

I couldn't help you

Chorus 3

I don't care
I just don't care
I stare into your eyes
And I just don't care

Outro Chorus

I just don't care
I just don't care
I just don't care
'Bout anyone
But you
Only you
