

Labor Day

Intro

Verse 1

There was a day born back in 1882
Reminds us not to take each other for granted
Often happens without us realizing it
So don't fall into life or try downsizing it

PreChorus 1

Day's meant for
Swimin while the water's still warm
Yummy food in comfy clothes
Wavin a flag while the band performs
Picnics in the park with a firework show n' popcorn

Chorus 1

If you're off today
Be grateful (you have a job)
If you're working today
Be grateful (you have a job)
If you're a kid today
Be grateful (you don't have a job)

Happy Labor Day
Today

Verse 2

Please be kind and have fun in your life
Enjoy and inhale the last few drops of summer
Close your eyes and imagine that you're free
Then open your eyes and act like you're three

Oooo

PreChorus 2

Be grateful (you have a job)
If you're working today

Bridge

It's not a day off for everyone
So drop off some treats to a local hospital or fire station
And by the way when was the last time you actually thanked your boss?

Chorus 3

If you're off today
Be grateful (you have a job)
If you're working today
Be grateful (you have a job)
If you're a kid today
Be grateful (you don't have a job)

Happy Labor Day
