

# Love ALWAYS wins!

## Intro

### Verse 1

We all wanna live in Mayberry but we just don't  
Life's black n' white then color  
We hold on together never let go  
We beg the world to love us but we know

There's no love without pain no love without rain  
No one's ever a saint and love, love is never the same

### Verse 2

We forgive cuz we've swallowed so much hate  
Life's harder for us cuz we're different  
We hold on together never let go  
We beg the world to love us but we know

There's no love without pain no love without rain  
No one's ever a saint and love, love, love is never the same  
Love is never the same

### PreChorus 1

We never cry when the wave the wave destroys our sandcastle  
We pick up our shovels and start again  
We never give up and nor should you  
Cuz we all know  
We all know  
We all know  
That

### Chorus 1

Love always wins  
Love always wins

We all knew  
We'd get here  
But we had to dance  
Then hold hands  
Cuz love always wins  
Love always wins

The hate falls away  
The world falls our way  
Cuz we believe that  
Love always wins  
Cuz love always wins  
It just always wins  
Time and time again  
Love always wins
