

My Christmas Tree

Verse 1

It's been such a long day
Relax as I hit the driveway
You're peeking out that window pane
A smile sweeps across my face

PreChorus 1

You're waiting with open arms
Simply happy that I'm home
Life matters more when I'm with you
Now neither of us is alone

Chorus 1

As soon as I see
My Christmas tree
Decorated and waiting for me
Everything melts away
Suddenly it's just me
And my Christmas tree
And I just wanna stay
With my Christmas tree

Verse 2

Tomorrow will be a hectic day
But wrapped in your arms I feel safe
All doubts are now erased
All anxiety is replaced

PreChorus 2

You're waiting with open arms
Simply happy that I'm home
Life matters more when I'm with you

Now neither of us is alone

Chorus 2

As soon as I see
My Christmas tree
Decorated and waiting for me
Everything melts away
Suddenly it's just me
And my Christmas tree
And I just wanna stay
With my Christmas tree

Instrumental

Chorus 3

Anytime I see
My Christmas tree
Decorated and waiting for me
Everything else just melts away
Suddenly it's just me
And my Christmas tree
And all I wanna do is stay
With you my Christmas tree

Ending

I love you so much
My little Christmas tree...
