

Pain of the Past

Intro

The past is on my mind tonight

Verse 1

Every year, that goes by
Time makes it a little bit easier
But even as, I wonder why
The memories won't go away

Chorus 1

My mind ponders
The moments gone by
The pain of the past
I remember the reason why

I live without your kiss
I can't live like this
The pain of the past, haunts me
Haunts me

Verse 2

Why must, the past live on
I buried it so deeply
Yet it still, feels so strong
And my mind won't forget

Chorus 2

My mind ponders
The moments gone by
The pain of the past
I remember the reason why

I live without your kiss

I can't live like this
The pain of the past, haunts me
Haunts me

Solo

The past never goes away
The past is always here to stay

The pain of the past
Seems like it will always last

The past never goes away
The past is always here to stay

The pain of the past
Seems like it will always last

Verse 3

I thought, I came to terms
Seemed like I finally moved on
But I still, can't find the words
To help me live freely again

Chorus 3

My mind ponders
The moments gone by
The pain of the past
I remember the reason why

I live without your kiss
I can't live like this
The pain of the past, haunts me
Haunts me

Verse 4

Every year, that goes by

Time makes it a little bit easier
But even as, I wonder why
The memories won't go away

Ending Fade Out

Why can't love forgive?
The sins of the past

Why can't love forgive?
The sins of the past

Why can't love forgive?
The sins of the past

Why can't love forgive?
The sins of the past...
