

Stand UP

Verse 1

They're getting sick of running
As fast as they can
Staring at the same four walls
Tryin not to be sad

Pre-Chorus 1

Sometimes people have a hard time getting started
No one should be scared to go to target, Oh NO
But life is good, if you look at it the right way
Most people aim to be kindhearted, Oh YEAH

Chorus 1

Stand up – we've handled worse weather
Stand up – this won't last forever
Stand up – lets do it together
Stand up – we got this pressure
Stand up – This bug's the aggressor
Stand up – But we got protectors
Stand up – Stay calm we're clever
Stand UP!

Verse 2

Most chiefs didn't see it coming
Head deep in the sand
Pass blame help the rich
As the poor run out of gas

Pre-Chorus 2

Sometimes people have a hard time getting started
No one should be scared to go to target, Oh NO
But life is good, if you look at it the right way

Most people aim to be kindhearted, Oh YEAH

Chorus 2

Stand up – we've handled worse weather
Stand up – this won't last forever
Stand up – lets do it together
Stand up – we got this pressure
Stand up – This bug's the aggressor
Stand up – But we got protectors
Stand up – Stay calm we're clever
Stand UP!
