# Thanksgiving Day Lyrics

**Intro**

**Verse 1**

There’s a crowded kitchen, talking way too loud
Mama’s yelling something, no one hears a word
Turkey’s burning slow, smoke hanging in the air
Football on the TV, and laughter everywhere

I step through the doorway, pause and take it in
Nothing here has changed at all, just how I left it
The same old chaos, same love I’ve always known
But it hits me different now, cuz I’m back home and not alone

**PreChorus 1**

Been such a long road getting back here
But I don’t feel that fear
'Bout the things they said last year
So I grab myself a beer
And I move in, to stand near
To this family I hold dear

Tryin’ not to shed a damn tear
It’s like I never even left here

**Chorus 1**

Yeah, I found my way
Back home to you
On Thanksgiving Day

Thanksgiving Day

A little late
A little burnt
A little loud

But it’s all ours now
On Thanksgiving Day

Thanksgiving Day

Memories with every bite
On Thanksgiving Day

Thanksgiving Day

Yeah maybe nothing ever goes our way
But it feels right today
On Thanksgiving Day

Thanksgiving Day

**Transition**

**Verse 2**

Uncles telling stories they’ve told a thousand times
Kids are running circles, never slowing down
Someone’s in the hallway tryin’ not to cry
Then they laugh it off and decide to let it slide

I look around the table, lines on every face
Every year this means more, the clock moves too fast
We’ve all been through hell, and gotten back somehow
But we’re all still sitting here, together right here right now

**PreChorus 2**

Been such a long road getting back here
But I don’t feel that fear
'Bout the things they said last year
So I grab myself a beer
And I move in, to stand near
To this family I hold dear

Tryin’ not to shed a damn tear
It’s like I never even left here

**Chorus 2**

Yeah, I found my way
Back home to you
On Thanksgiving Day

Thanksgiving Day

A little late
A little burnt
A little loud
But it’s all ours now
On Thanksgiving Day

Thanksgiving Day

Memories with every bite
On Thanksgiving Day

Thanksgiving Day

Yeah maybe nothing ever goes our way
But it feels right today
On Thanksgiving Day

Thanksgiving Day

**Solo**

**Chorus 3**

Yeah, I found my way
Back home to you
On Thanksgiving Day

Thanksgiving Day

A little late
A little burnt
A little loud
But it’s all ours now
On Thanksgiving Day

Thanksgiving Day

Memories with every bite
On Thanksgiving Day

Thanksgiving Day

Maybe nothing ever goes our way
Yet it feels right today
On Thanksgiving Day

Thanksgiving Day

**Outro**

Thanksgiving’s never perfect
But that’s why it matters

Happy Thanksgiving Day
