

Tired Of Being Scared

(Oh, oh, oh, oh)
(Oh, oh, oh, oh)
(Oh, oh, oh, oh)
(Oh, oh)

(I'm tired)
(I'm tired of being scared)

(Oh, oh, oh, oh)
(Oh, oh, oh, oh)
(Oh, oh, oh, oh)
(Oh, oh, oh, oh)

Verse 1

One foot out the door
The other cemented, inside
There's a whole world out there
That I've never, tried
And every time I think
I'm ready to begin
I freeze with fear so I turn around
And head inside, again

PreChorus 1

I been thru much
Without much luck
In all my years
So many fears

Chorus 1

I'm so damn tired
Tired of being scared
I showed my soul, to the world
But they never cared

Well that's about to change
My bad luck's done
Get ready world
Cuz' here I come

Instrumental

(Oh, oh, oh, oh)
(I am a fighter)
(Oh, oh, oh, oh)
(I'm a survivor)

Verse 2

As I got grey and wiser
I'm less sure and more afraid
Raw memories floating next to me
Awkward palpitations, and agony
How many more moments
How much more squandered time
I let the daylight shine without me
I was drowning, all my life

PreChorus 2

I been thru much
Without much luck
In all my years
So many fears

Chorus 2

I'm so damn tired
Tired of being scared
I showed my soul to the world
But they never cared
Well that's about to change
My bad luck's done
Get ready world
Cuz' here I come

Instrumental 2

(Oh, oh, oh, oh)
(I am a fighter)
(Oh, oh, oh, oh)
(I'm a survivor)

Bridge

I wish someone had helped me
Showed me there was no need to be afraid

PreChorus 3

I been thru much
Without much luck
In all my years
So many fears

Chorus 3

I recollect
The long weary road I've travelled
All that doubt and all that pain
Day after day, always betrayed!

But Now I'm tired

Tired

Fade out

I'm so tired of being scared (I'm a fighter)

I'm so tired of being myself (I'm a survivor)

I'm not gonna be scared anymore (I'm a fighter)

I'm not gonna be scared anymore (I'm a survivor)
