

Tongue of Fire

Intro

Are we dreaming?

Verse 1

You say it's us but maybe it's you
Maybe you're the problem
You say to trust but your rage hits true
Your words just won't stop them

PreChorus 1

Anyone can change in their lifetime
But real change begins one person at a time

Chorus 1

Why are you so angry?
Your insta's such a live wire
Your bullets aren't just friendly fire
Why is your tongue on fire?

Why the tongue of fire?

Verse 2

You target us for who we are
Never for what we've done
You target us because we've got heart
But when we see you we leave stunned

PreChorus 2

Anyone can change in their lifetime
But real change begins one person at a time

Chorus 2

Why are you so angry?
Your insta's such a live wire
Your bullets aren't just friendly fire
Why is your tongue on fire?

Instrumental

Chorus 3

Why are you so angry?
Your insta's such a live wire
Your bullets aren't just friendly fire
Why is your tongue on fire?

Why the tongue of fire?
