

# We Were Happy Enough

## Intro

## Verse 1

Maybe we didn't have  
A Titanic-like romance  
No standing on an edge  
No wind waving past our laughs  
Maybe all we had  
Was faith as we held our hands  
Cuz' it was enough  
It was enough

## PreChorus 1

Soft smiling eyes  
I fell into yours  
You fell into mine  
Why would we need  
Anything else but our  
Soft smiling eyes

## Chorus 1

We always wanted more  
And so we swore  
To say yes to things that scared us

And we we were happy  
We were  
We were happy enough  
Happy enough  
We were happy  
We were happy enough  
With each other

## Verse 2

We had our ups and downs  
Days drownin in frowns  
Life was harder for us two  
Friends laughin in the backgrounds  
Of the Rainbow lounge  
As we grew dizzy on the merry-go-round  
Cuz' it was enough  
It was enough

### **PreChorus 2**

Soft smiling eyes  
I fell into yours  
You fell into mine  
Why would we need  
Anything else but our  
Soft smiling eyes

### **Chorus 2**

We always wanted more  
And so we swore  
To say yes to things that scared us

And we we were happy  
We were  
We were happy enough  
Happy enough  
We were happy  
We were happy enough  
With each other

### **Bridge**

Life always had a much more interesting flavor  
When we were together  
Together that's why we stayed

### **Chorus 3**

We didn't have much  
But we had enough  
We were happy enough  
With what we had  
We were happy enough  
Cuz' we had each other

And we we were happy  
We were happy  
We were happy  
Enough  
Enough

**Outro**
