

We Kiss In The Shadows

Verse 1

We kiss in the shadows
Hiding our dreams and moments
This love feels so right
But still we hide from the light

Pre Chorus 1

Why should we hide?
We're doing nothing wrong tonight
No other lovers
And no mad mothers
We're worried we'll be found
We're scared to make a sound

We kiss in the shadows

Chorus 1

We kiss in the shadows
The shadows feel so safe
We kiss in the shadows
The shadows feel so safe

Verse 2

Why are we worried?
Why won't we admit
These feelings we share
Why don't we dare?

Pre Chorus 2

Why should we hide?
We're doing nothing wrong tonight
No other lovers

And no mad mothers
We're worried we'll be found
We're scared to make a sound

We kiss in the shadows

Chorus 2

We kiss in the shadows
The shadows feel so safe
We kiss in the shadows
The shadows feel so safe

Solo

Verse 3

The stars burn bright
As we avoid, the spotlight
This flame should be aired
Why the hell are we so scared?

Chorus 3

We kiss in the shadows
The shadows feel so safe
We kiss in the shadows
The shadows feel so safe

End Verse (4)

Why do we hide
Why are we so terrified
Someday maybe soon
We'll tell the world the truth

End Chorus Variation
