

# Why

## Intro

Sometimes questions, they flood my mind  
At times like this, I just ask...

Why?  
Why?

## Verse 1

Can you tell me why  
Why I fell for you  
Why do I ask why?  
Why do I look up to the sky  
And still think about why

Cuz'

My heart bled for you  
As you walked in the room  
My soul fell for you  
Suddenly I knew what not to do!

Each breath I take I take for you  
Each beat my heart makes it makes for you  
Oh please tell me what to do  
I can't think right since I fell for you!

You cast a spell on me  
My body quickly agreed  
Your eyes so gentle as they held onto me  
I couldn't help but just believe

My heart was meant for you, you and only you

## Chorus 1

My heart races for you  
My heart cries to you  
My heart begs for you  
My heart flies to you  
My heart bleeds for you

Why does my heart feel this way?  
Why do I feel this way?  
No logical reason that I know of  
But I still wanna stay

Stay with you, stand next to you, even when you're blue girl  
I wanna hold you, put you in my arms and shelter you  
You know I'd die for you, I'd lie for you  
I'd do anything for you

Now you know why

### **Transitional**

Why?  
Why?

### **Verse 2**

Before I met you  
I couldn't tell anyone why  
They would tell me something  
I would mutter back nothing  
Life was such a rough thing

Life was so hard  
Never talked about it out loud  
Kept my feelings to myself  
Kept them inside and felt so proud!

Felt like such a man  
Told myself that's what I am  
But I felt so weak, strong on the outside  
But frail on the inside

But then I fell for you  
I had nothing to prove  
But my heart was so moved  
Knew from the moment

I first stared at you!

## **Chorus 2**

My heart races for you  
My heart cries to you  
My heart begs for you  
My heart flies to you  
My heart bleeds for you

Why does my heart feel this way?  
Why do I feel this way?  
No logical reason that I know of  
But I still wanna stay

Stay with you, stand next to you, even when you're blue girl  
I wanna hold you, put you in my arms and shelter you  
You know I'd die for you, I'd lie for you  
I'd do anything for you

## **Verse 3**

Don't ever leave me alone, I don't wanna feel alone!  
I also don't wanna feel the fear, of being left behind

No one there to see  
No one there but me  
Please keep that heartache away from me  
I'm so scared to feel that pain

## **Extro**

If I lose you, I'd lose the only love I ever truly had  
And that would make my heart hurt so bad

And I would feel so mad  
And so so sad, so sad

Why?

Because my heart wants to do  
Everything for you  
It wants to prove  
My love for you

That's why

That's why!

That's why...
