

I Got No Money

Intro

Verse 1

Fell asleep okay
but woke up halfway
Into the night
Scared shitless not quite right

Anxiety
Got a hold on me
Society
Workin cold on me

What the hell did I ever do
What the hell did I do to you
To deserve this crap from you

(What, why, when, how come?)

Pre Chorus 1

Life's a mess
Work too hard
Nothing left

Everyone else
Has it figured out
While I run in hell

Chorus 1

I got no money
Can't pay the rent
I got no money
Truth ain't funny
I got no money

Day's not sunny
I got no money
No food in tummy

I got no money
Bed feels crunchy
I got no money
Fist feels punchy
I got no money
Like a junkie
I got no money
Like a dummy

Got no money

Verse 2

No one really knows
Why my coins don't grow
I got no friends
Hard work never ends
The nights run by
Credit's run dry
Inside I hide
Christ won't wipe my eyes

What the hell did I ever do
What the hell did I do to you
To deserve this crap from you

(Again, still, one more time?)

Pre Chorus 2

Life's a mess
Work too hard
Nothing left

Everyone else
Has it figured out

While I run in hell

Chorus 2

I got no money
Can't pay the rent
I got no money
Truth ain't funny
I got no money
Day's not sunny
I got no money
No food in tummy

I got no money
Bed feels crunchy
I got no money
Fist feels punchy
I got no money
Like a junkie
I got no money
Got no damn money

Bridge

Twice a week I play the lottery
Figure I got nothing so I must be due
I even got on both knees to pray
Figure I got nothing left to lose

Chorus 3

I got no money
Can't pay my rent
I got no money
It's not funny
I got no money
Day's not sunny
I got no money
No food in tummy

I got no money
Bed feels crunchy
I got no money
Fist feels punchy
I got no money
Like a junkie
I got no money
Wish I did but I don't

Outro

(What u say?)
Got no money
(You talkin to me?)
Got no money
(You got no money?)
I got no money
