

# On This Night

## Intro

On this night

## Verse 1

On this quiet night  
A miracle was received  
Earth was saved and stepped into the light  
A little baby made the whole world believe

On this simple night  
I feel the emptiness of my soul  
I'm at peace with everything in spite  
Of knowing how it all unfolds

## Chorus 1

On this night  
I think of you  
I want to thank you  
For what you went thru

On this night  
I remember it all  
What you did for me  
And I will always stand tall

## Verse 2

On this peaceful night  
You are a sight to behold  
The moon is smiling bright  
A little baby's story begins to be told

On this beautiful night  
My world becomes instantly full of hope

I get on my knees & pray & act polite  
Cuz' now I don't feel the cold

### **Bridge**

Shhh,

Don't make a sound  
Listen and you will hear it

### **Verse 3**

On this uncomplicated night  
A passive mood with no one to warn  
The manger is a proud site  
Where this little baby was born

On this tranquil night  
I hear your cry & it touches my soul  
I feel your comfort & your might  
And now I don't feel so alone

### **Chorus 3**

On this night  
I think of you  
I want to thank you  
For what you went thru

On this,

On this night  
I remember it all  
What you did for me  
And I will always stand tall

### **End**

I want to thank you  
For all you've done

And all you went thru  
I know it must've been hard

And so I thank you, again  
From the bottom, of my heart...
