

## April Fools

One day a year truth is untrusted,

Liars are praised, and dreams are busted.

On April Fools, don't quit your job when you win the lottery.

It might be a fake and you'll end up in misery.

Stay on your toes and look out for pranksters,

It's hard to tell the good guys from the gangsters.

And what's worse yet, you have no recourse,

When they yell "April fools," you forgive them of course.

So, you may want to start practicing in February or March,

How to take someone's clothes and use way too much starch.

Or, play a prank on yourself but don't look amused.

Then do the same to others and you won't be accused.

Whether you are a prankster or a prankee, the outcome's the same.

As long as you don't take the day seriously and go completely insane!
