

Coronavirus

The Coronavirus has laid waste to many things in its path,
Social distancing, trapped inside, the importance of a bath.

Six feet apart never meant this much,
Separating ourselves while we try to stay in touch.

Wear a mask, don't wear a mask, maybe even stand on your head,
Malaria drugs or mouthwash, has anyone tried praying instead?

No one seems to know how it all got started,
Yet we all agree to grieve for the lives that have since departed.

Spread the good news and not this hysteria about the virus,

Be kind and get to know other people all around us.

"We are all in this together," as if we did not know,

People!!! Please use some common sense, we all want this virus to go.
