

Taylor Swift Says Thank You

Thank you to my loyal fans, you mean so much to me,
All of you are to be congratulated, for your faithfulness to me.

I need fans who will stick by me in good times and bad,
And you guys are the best I could've ever had.

I tried to be Country, I tried to be Folk,
I tried to be Pop, but many thought I was a joke.
But, I'm still more popular than most will ever be,
And I stand up for myself, when someone comes after me.

So, tell your parents you can trust what I sing,
And even if they don't get it, I'm still the next best thing.
I will support my followers and thank you again right now,
I'll be around for many decades, in some way, for some time, and somehow!
